

Adobe Suite Combo: Photoshop / InDesign / Illustrator
CM801

Hours : In Class 9 Clinical 0 Total 9

Description

This course is designed for artists and novices to get an overview of features in the Adobe Suite programs for graphic design. Programs covered will take the learner through the interface while working on a short project that incorporates Photoshop, Illustrator, and InDesign

Learning Objectives

- Complete a tour of the interface for Photoshop, InDesign, and Illustrator.
- Discuss and apply the various tools available in each program to digital images.
- Edit a photo in Photoshop.
- Create a logo in Illustrator.
- Import files into InDesign.
- Create a simple two page brochure.

Teaching Philosophy

We believe that instructors, staff, and administrators have a shared responsibility to provide: 1) innovative course design and instruction; 2) a safe, learner-centered environment; and 3) an authentic learning experience.

Student Responsibilities

To ensure a quality and safe learning environment, students are required to follow the Post-Secondary Student Behavior policy #560. This policy can be found at www.mntc.edu/board-policies. Printed copies are available upon request.
