Special Education Paraprofessional Training
HO320

Hours: In Class 24 Clinical Total 24

Description

The Special Education Paraprofessional Course meets the State of Oklahoma requirements prepares Paraprofessionals to provide services to children and youth with disabilities. Paraprofessionals assist schools in providing free and appropriate public education to students with disabilities in the least restrictive environment.

Prerequisites

HS Diploma or GED

Books

Special Education Paraprofessional Student Manual - ISBN: AD314503 (Included)

Learning Objectives

- Discuss legal foundations of special education
- Discuss responsibilities and ethics
- Explain IEP participation
- Develop disability awareness and instructional strategies
- Develop communication and interaction strategies
- Utilize behavior strategies, progress monitoring and data collection.

Teaching Philosophy

We believe that instructors, staff, and administrators have a shared responsibility to provide: 1) innovative course design and instruction; 2) a safe, learner-centered environment; and 3) an authentic learning experience.

Evaluation Methods

Successful completion of course requires 100% attendance and completion of all coursework. If student misses any hours of class must make up those hours in order to show as complete and receive a certificate.

Student Responsibilities

To ensure a quality and safe learning environment, students are required to follow the Post-Secondary Student Behavior policy #560. This policy can be found at www.mntc.edu/board-policies. Printed copies are available upon request.

ETS.org is website for students to look at for the ParaPro test.
