

CyberSAFE Cybersecurity Workshop
IPD151

Hours: In Class 4 Clinical 0 Total 4

Description

Are you a potential target for a Cyber Attack? If you answered Yes, you are correct. Security is paramount and everyone should make it their practice to minimize their risks online. You will learn how to use technology more securely to minimize security risks to yourself and MNTC. You will learn to identify many of the common risks involved in using conventional end-user technology, as well as how to safely protect yourself and from security risks. This CyberSAFE Cybersecurity Workshop comes with a Certified CyberSAFE certification. The certification exam is free to MNTC Staff and Adjuncts.

Why learn it?

Because we are our own biggest threat. Learn more about it by enrolling and educate yourself to the threats we pose as well as everything that connects to the Internet.

Prerequisites

Before beginning this course, students should be comfortable using the keyboard and mouse. No previous experience with other versions of Windows is necessary, although it may be helpful.

Books

CyberSAFE 2019 (Exam CBS-310) Student Print & Digital Courseware - ISBN: CNX0005SBU (Included)

Learning Objectives

1. Identify the need for security, compliance considerations, vulnerabilities and hazards of social engineering.
2. Secure devices like desktops, laptops, tablets, smartphones, etc.
3. Secure your use of the Internet by browsing the internet, using email, social networking and cloud services safely.

Teaching Philosophy

We believe that instructors, staff, and administrators have a shared responsibility to provide: 1) innovative course design and instruction; 2) a safe, learner-centered environment; and 3) an authentic learning experience.

Teaching Methods

Methods include lecture, class discussion and demonstrations.

Evaluation Methods

Student success is based on participation in class activities and the completion of exercises.

Grading Policy

A certificate of completion requires successful completion of all assigned work within the established time frame.

Student Responsibilities

To ensure a quality and safe learning environment, students are required to follow the Post-Secondary Student Behavior policy #560. This policy can be found at www.mntc.edu/board-policies. Printed copies are available upon request.

Students are expected to attend class and participate in class discussions and activities.

Students must be on time and meet the attendance policy set for this class which is 80% attendance.
