Course Syllabus

Private Security - Phase 4 Firearms

PS220

Hours : In Class 32 Clinical Total 32

Description

This course is required for all persons who want to become licensed armed security officers. Instruction will focus on the handling and firing of a handgun. Firearm usage will be conducted at an off-campus firing range under close supervision. Students are required to furnish their own .38 or .45 caliber handgun and 400 rounds of ammunition.

Prerequisites

Must be 21 years old. Phase I & II or III required. Must present MMPI test before enrolling in class.

Books

Private Security Training Phase 4 Firearms Training - ISBN: AD3136 (Included)

Learning Objectives

List rules for range and firearms safety
Describe and demonstrate how to properly maintain a typical revolver
Perform the six fundamentals of marksmanship
Describe handgun handling skills in stressful situations
Demonstrate the four standardized shooting positions
Clarify range procedures
Explain legal issues associated with being a security officer

Teaching Philosophy

We believe that instructors, staff, and administrators have a shared responsibility to provide: 1) innovative course design and instruction; 2) a safe, learner-centered environment; and 3) an authentic learning experience.

Evaluation Methods

A certificate of completion requires a minimum of 100% attendance and the successful completion of all written tests of scores of 85% or better.

Student Responsibilities

To ensure a quality and safe learning environment, students are required to follow the Post-Secondary Student Behavior policy #560. This policy can be found at www.mntc.edu/board-policies. Printed copies are available upon request.
