

Limited Residential Installer Exam Prep (HVAC)
TI1622

Hours: In Class 16 Clinical 0 Total 16

Description

Prepare for the Oklahoma Limited Residential Installer License test. Course will cover topics including clearances, appliances requirements, venting, duct sizing, and code compliance for new residential installs. Test taking strategies are also covered. **STUDENTS MUST BRING THEIR OWN COPY OF THE 2015 IRC.**

Learning Objectives

- Identify areas of consideration for new installs.
- Demonstrate competency in computing duct sizing.
- List several test taking strategies
- Demonstrate ability to locate code in the IRC pertinent to new installs
- Identify SMACNA symbols relevant to new installs

Teaching Philosophy

We believe that instructors, staff, and administrators have a shared responsibility to provide: 1) innovative course design and instruction; 2) a safe, learner-centered environment; and 3) an authentic learning experience.

Teaching Methods
