Course Syllabus

Woodcarving for Beginners
TI351

Hours: In Class 60 Clinical Total 60

Description

Students will learn how to select woods suitable for carving, keep their tools sharp, and carve in three styles: low relief, high relief, and in the round.

Prerequisites

None

Learning Objectives

Students will be able to:

- Demonstrate safe use of carving tools
- Demonstrate safe sharpening techniques
- Execute low relief, high relief and 'in the round' carvings

Teaching Philosophy

We believe that instructors, staff, and administrators have a shared responsibility to provide: 1) innovative course design and instruction; 2) a safe, learner-centered environment; and 3) an authentic learning experience.

Student Responsibilities

To ensure a quality and safe learning environment, students are required to follow the Post-Secondary Student Behavior policy #560. This policy can be found at www.mntc.edu/board-policies. Printed copies are available upon request.
