

**MOORE NORMAN**  
TECHNOLOGY CENTER

Course Syllabus

**Plumbing Code Update**  
TI902

Hours:    In Class 6                    Clinical                    Total 6

**Description**

This course meets all requirements for code update classes according to Oklahoma statutes, mandating that all mechanical, electrical, and plumbing journeymen (and contractors) receive a minimum of 6 hours of continuing education during each code cycle, in order to renew their license. Similarly, this class meets the Construction Industries Board continuing education criteria for licensed journeymen and contractors.

**Prerequisites**

None

**Learning Objectives**

- Identify most current code changes
- Discuss how code changes are applied

**Teaching Philosophy**

We believe that instructors, staff, and administrators have a shared responsibility to provide: 1) innovative course design and instruction; 2) a safe, learner-centered environment; and 3) an authentic learning experience.

**Student Responsibilities**

To ensure a quality and safe learning environment, students are required to follow the Post-Secondary Student Behavior policy #560. This policy can be found at [www.mntc.edu/board-policies](http://www.mntc.edu/board-policies). Printed copies are available upon request.
